

TechmodeGO SAFE DEVICES

SECURE, APPROVED, FULLY ENABLED.

At Techmode, we believe the right phone isn't just a tool, it's the foundation of clear, reliable communication. That's why we've handpicked and rigorously tested a lineup of business phones that we proudly call our **SAFE devices**, the highest-certified devices for use with **TechmodeGO**, our powerful 3CX-based communications platform powered by AWS.

3CX

aws

CERTIFIED. RELIABLE. READY TO PERFORM.

Each SAFE device is carefully vetted by our team to meet elite standards of **voice quality**, **reliability**, and **everyday performance**. These aren't Just compatible phones, they're built for seamless, dependable use, whether your team is in the office, remote, or hybrid.

WHY CHOOSE SAFE PHONES?

➤ CERTIFIED FOR TECHMODEGO

Hand-selected and stress-tested for full compatibility and effortless performance with our platform from day one.

➤ BUILT-IN SBC FUNCTIONALITY

SAFE Phones can securely connect to your phone system from anywhere- no additional hardware required. Perfect for remote workforces and satellite offices.

➤ END-TO-END ENCRYPTION

Your conversations stay protected with enterprise-grade encryption protocols at the office or on the go.

➤ CRYSTAL-CLEAR VOICE QUALITY

Enjoy natural, high-definition audio that makes every call feel more productive and personal

➤ BUSINESS-CLASS RELIABILITY

These devices are made for high-demand environments and built to last. You can count on them for long-term performance with minimal downtime.

➤ PROVEN RUGGED DURABILITY

Engineered to handle years of continuous use with exceptional stability and hardware longevity.

➤ HASSLE-FREE COVERAGE WITH TECHMODEGO LEASE

When you lease your equipment through the TechmodeGO program, you're covered. Warranty, defect replacement, and firmware upgrades are all included for the life of your contract backed by our advanced replacement policy. That's one less thing to worry about in your business.

➤ EFFORTLESS SETUP & CONCIERGE SUPPORT

With plug-and-play provisioning and direct access to Techmode's U.S.-based support team, getting started and staying supported has never been easier.
